rymar

WE ARE NORTH AMERICA'S #1 CHOICE!

COMMITMENT TO QUALITY

Our commitment to quality products and service 365 days a year.

The North American Rymar team is passionate about all the products offered to the end client, contractors and our distribution partners from coast to coast.

We believe good products need to be presented with great customer service to ensure a quality experience from start to finish. Our distribution locations across North America have been chosen with much research and development to offer a consistent experience.

Dedication to performance and innovation is Rymar's commitment to you. Through education and product support we keep our clients up to date with the evolution of the industries we support and supply. Rymar has a dedicated team that works to travel the world and meet with all manufactures and designers to produce the highest of standards in design and end product supply.

We together support our loyal and passionate community of staff, contractors, designers, retailers and homeowners that make Rymar an industry leader.

We thank you and look forward to working with you.

DESIGNED TO PERFORM

Rymar Synthetic Grass offers the rich look of real grass with our environmentally-friendly synthetic grass and turf products. Designed for the ever-changing North American climate, the use of breakthrough materials and processes in manufacturing ensures they will look and feel just as realistic and beautiful for years.

- Easy installation
- No mowing
- No watering
- No fertilizing
- Great for pets
- Great for indoor sports fields

DISTRIBUTION MADE EASY

Rymar Synthetic Grass and turf products are distributed from warehouses across North America making our products easily accessible to landscapers, installers and homeowners.

With over 25 years combined experience in sales, service, and installation, Rymar is poised to offer the best synthetic grass, turf products and technical know-how at a very competitive price.

**OUR LINE OF SYNTHETIC GRASS AND
TURF IS 100% LEAD FREE AND DESIGNED
TO STAY GREEN FOR A LIFETIME**

 **Everblade 50*** *Landscape Turf*

For use in light to moderate traffic areas. This premium turf gives all the strength expected in an 50 oz product but with extra softness and comfort. Specially designed to keep surface temperatures low. Great for landscaping applications and playgrounds.

- + Total Product Weight: 77 oz
- + Face Weight: 50 oz
- + Backing: 27 oz Polyurethane
- + Colour: Emerald / Lime Green
- + Pile Height: 1.5"
- + Yarn Type: Flat Shape w/ Golden Thatch Layer

 **Durablade 65**** *Landscape Turf*

For use in moderate to heavy traffic areas. Designed to truly replicate grass. "S" shape 3D fibre is specially formulated to reduce heat retention. Designed specifically for landscape application with a soft touch feel.

- + Total Product Weight: 102 oz
- + Face Weight: 65 oz
- + Backing: 37 oz Polyurethane
- + Colour: Emerald / Olive Green
- + Pile Height: 1.5"
- + Yarn Type: Flat Shape w/ Golden Thatch Layer

 **Triblend 50** *Landscape Turf*

For use in Moderate to heavy traffic. The NEW Triblend 50 is designed with Multi 3D shaped fibers. "W", "V" and Flat shaped fibers create a durable surface that looks and feels very natural. Triblend is enriched with our bi colour thatch system to create stability and support.

- + Total Product Weight: 77 oz
- + Face Weight: 50 oz
- + Backing: 27 oz Polyurethane
- + Colour: Emerald / Olive Green / Sand
- + Pile Height: 1.5"
- + Yarn Type: Flat, W and V Shape w/ Tan/Green Thatch Layer

 **Everblade 80*** *Landscape Turf*

For use in moderate to high traffic areas. This premium turf gives all the strength expected in an 80 oz product but with extra softness and comfort. Specially designed to keep surface temperatures low. Great for landscaping applications and playgrounds.

- + Total Product Weight: 107 oz
- + Face Weight: 80 oz
- + Backing: 27 oz Polyurethane
- + Colour: Emerald / Lime Green
- + Pile Height: 1.95"
- + Yarn Type: Flat Shape w/ Golden Thatch Layer

 **Durablade 95**** *Landscape Turf*

For use in moderate to heavy traffic areas. Designed to truly replicate grass. "S" shape 3D fibre is specially formulated to reduce heat retention. Designed specifically for landscape application with a soft touch feel.

- + Total Product Weight: 121 oz
- + Face Weight: 95 oz
- + Backing: 26 oz Polyurethane
- + Colour: Emerald / Olive Green
- + Pile Height: 2"
- + Yarn Type: Flat Shape w/ Golden Thatch Layer

 **Triblend 70** *Landscape Turf*

This multi 3D shaped turf includes unique "W", "V" and flat shaped fibres that creates a durable and natural feel. A blend of Emerald, Olive and Sand colour tones replicate an organic looking lawn. Each fibre is unique in colour and size creating a blend like no other turf on the market today. Triblend is enriched with our Bi colour thatch system to create stability and support.

- + Total Product Weight: 105 oz
- + Face Weight: 75 oz
- + Backing: 30 oz Polyurethane
- + Colour: Emerald / Olive Green / Sand
- + Pile Height: 1.8"
- + Yarn Type: Flat, W and V Shape w/ Tan/Green Thatch Layer

 **EV3D 50** *100 % Recyclable / ECO FRIENDLY / Landscape Turf*

For use in light to moderate traffic areas. Designed with the future in mind. The technology in the construction of the coating and backing of EV3D 50 is a fully recyclable product. The look and durability of the fiber design is state of the art with 3D shaped blades giving a natural and responsive surface for all types of residential and commercial applications.

- + Total Product Weight: 72 oz
- + Face Weight: 50 oz
- + Backing: 22 oz Thermoplastic Glue
- + Colour: Field / Lime Green
- + Pile Height: 1.5"
- + Yarn Type: Wave/S Shape w/ Beige/Olive Green Thatch Layer

 **Ultrablade 50** *Landscape Turf*

For use in Moderate to heavy traffic. Ultrablade 50 is developed with W shaped fibers to enhance the durability of the turf. The 2-tone colour and shape of the fiber also gives the surface a natural matt finish. The look and feel of Ultrablade 50 is a nice balance between soft and firm. Included is our standard bi-colour thatch layer for fiber support.

- + Total Product Weight: 76 oz
- + Face Weight: 50 oz
- + Backing: 26 oz Double PP/Polyurethane
- + Colour: Field / Olive Green
- + Pile Height: 1.5"
- + Yarn Type: Double W Shape w/ Golden Thatch Layer

 **Durapet** *Pet Turf*

For use in moderate to high traffic areas. This uniquely designed 3D fiber is "S" shaped that allows for great rebound and strength. Durapet allows for fast and efficient drainage and is specifically designed for pet areas, putting green fringe and landscaping applications.

- + Total Product Weight: 66 oz
- + Face Weight: 40 oz
- + Backing: 26 oz Polyurethane
- + Colour: Emerald / Olive Bi-Colour
- + Pile Height: 1"
- + Yarn Type: S Shape w/ Golden Thatch Layer

EV3D 80 100% Recyclable / ECO FRIENDLY / Landscape Turf

For use in moderate to high traffic areas. Designed with the future in mind. The technology in the construction of the coating and backing of EV3D 80 is a fully recyclable product. The look and durability of the fiber design is state of the art with 3D shaped blades giving a natural and responsive surface for all types of residential and commercial applications.

- + Total Product Weight: 100 oz
- + Face Weight: 80 oz
- + Backing: 20 oz Thermoplastic Glue
- + Colour: Field / Lime Green
- + Pile Height: 1.95"
- + Yarn Type: Wave/S Shape w/ Beige/Olive Green Thatch Layer

Tropical 40 Landscape Turf

For use in light to moderate traffic areas. Designed for easy portability. This lightweight economy-priced turf offers great value and flexibility to meet everyone's budget. Uniquely formulated polyurethane coated backing provides greater seam strength and durability.

- + Total Product Weight: 66 oz
- + Face Weight: 40 oz
- + Backing: 26 oz Double PP/Polyurethane
- + Colour: Field / Clover Green
- + Pile Height: 1.4"
- + Yarn Type: S Shape w/ Golden Thatch Layer

**ENDLESS HOURS
OF PRACTICE**

CUSTOM PUTTING GREENS

What better way is there to practice putting or entertaining guests than having a personal putting green? Help your clients take strokes off their short game by creating a practice area in their backyard, office or basement.

Rymar has the perfect solution to any sized putting green with our premium selection of golf products. Our putting greens react to putts and chips like natural grass greens. Rymar putting greens are the ideal choice for golf courses, and for commercial and residential applications of all sizes. We have a wide array of choices when it comes to synthetic grass for putting greens. Our professional sales and installation team will customize the products for any outdoor and indoor greens.

WE PROVIDE

- Outdoor Backyard Greens
- Indoor and Portable Greens
- Full Commercial Greens
- Driving Ranges and Mini-Putt Courses
- Hitting Mats and Simulator Surfacing
- Sand Traps

WE MANUFACTURE OUR PRODUCTS FROM THE VERY BEST MATERIALS THAT STAND UP TO OUR EVER-CHANGING NORTH AMERICAN CLIMATE

LANDSCAPE TURF

GOLF TURF

HITTING MATS

 **Pro Putt** *Golf Turf*

For use in custom-designed putting greens. This premium turf is designed to give true ball roll and bounce reaction. Infill is required to control stint speed and ball bounce/roll. Specially designed for our Canadian climate. Lots of fun and great for training.

- + Face Weight: 56 oz

SMART FIT CUP
MOST POPULAR

 **Aluminum ST2000 Cup** Available in 4.25" and 6" Cups

The popular ST2000 Smart fit cup accepts notched ferrule flagsticks perfectly every time without twisting, sticking or sinking. Bondrite aluminum cups for maximum life and the most chip resistant coating around. This cup meets all USGA regulations.

NEW HYBRID CUP
FOR 2017

 **Hybrid ST2000 Cup** Available in 4.25" and 6" Cups

This new hybrid cup has an aluminum base and plastic moulded walls that combines the best of aluminum and plastic models available. The aluminum gives the strength for the notched ferrule fits perfectly in place. The plastic molded cup walls prevent chipping and provide a long lasting finish. This also allows for that traditional sound of a golf ball hit the bottom. This cup meets all USGA regulations.

OUR STANDARD CUP
DURABLE HIGH STRENGTH PLASTIC

 **Plastic ST2000 Cup** Available in 4.24" and 6" Cups

Durable and easy to use. This standard golf cup is high strength plastic that is moulded with chemical-resistant polymers that provide a brilliant lasting finish. This cup meets all USGA regulations.

 **Standard Practice Pinset** *3/8" Diameter and 28" Tall*

Our Standard Golf pinset is a simple and effective pin for any home or practice green. Premium Nylon Tube — Standard Practice Flag. Pinset comes standard with a metal base and plastic black knob and flag. The cup is our 6" aluminum ST2000 model.

PIN / CUP ASSEMBLY INCLUDES:

- + Cup
- + Pin
- + Mounting Sleeve

 **Royaline Flagstick**

1/2" Diameter and 5' or 7.5" Tall

Our most popular flag stick for many years. This favourite of all golf courses around the world are ultra-strong, resilient, and solid fiberglass construction. All flagsticks come standard with the Smart-fit Pro Ferrule. Special sizes available and colour options are available on request and special order. Also our Tournament Flagsticks are special order as well, please contact you Rymar sales associate for ordering information.

 **Flags** *Coloured and Checkered Flagstick Flags*

We offer a wide variety of flag options for every model of flagstick. Our standard stocking models are white, red, black, blue, yellow, green, black checked and red checked. Custom flag options are available. Please contact your Rymar sales associate for ordering information.

The Living Wall system employs 3 unique designs which can be mixed and matched together in order to achieve a natural look. Each panel contains diverse and rich foliage which provides a natural layered appearance. Panel transitions are also made to look natural so your living wall will look realistic, even from short distances.

Artificial Living Wall panels are designed to convey majesty and luxury. Each panel is full of magnificence, intricacy and diversity, which brings to life your vision of a dreamy vertical garden. Suitable for your home, office, or anywhere you imagine.

Multiple plants per panel offer seamless transition and modifiable combinations, resulting in an unparalleled visual effect from any angle. Each panel offers diverse foliage which is rich in colour, providing a natural appearance that is lush and brimming with exuberance.

- + No Maintenance Required
- + UV Resistant for Indoor or Outdoor Use
- + Highest Quality Artificial Foliage with 10+ Kinds of Leaf Shapes

TRIPLE PANEL COMBINATIONS

The three panels are designed as A, B, and C.
Combine all three for maximum realism.

Panel A

**RICH LOOKING
RUBBER PRODUCTS**

RICH LOOKING RUBBER PRODUCTS

We have aligned ourselves with many large suppliers to purchase vast amounts direct from the manufacturer. We purchase in container loads to ensure we always keep our prices low.

Rymar Rubber offers rich looking, environmentally friendly rubber products. With Rymar, you can be confident about receiving quality service from a team that can deliver exceptional results with lasting beauty at a reasonable price.

Our team of professionals are fully trained on the practices involving proper installation services. This will give you peace of mind when it comes to knowing that your investment will provide you with years of reliable service with minimal maintenance. Also, because of the breakthrough materials used to manufacture the rubber, it will look and feel beautiful for years.

**RYMAR RUBBER IS NORTH AMERICA'S #1
SOURCE FOR TOP QUALITY RUBBER PRODUCTS**

RUBBER MULCH
PREMIUM RUBBER

 **Rubber Mulch** *So Natural Looking With Colours That Remain Vibrant*

Rymar Rubber Mulch is an innovative and eco-friendly alternative to traditional wood mulch for landscaping and playgrounds. Compared to wood mulch, rubber mulch is safer, more cost-effective, durable, environmentally-friendly and lower-maintenance. Plus, rubber mulch is clean — minimizing airborne dust and particles. Available in six fade-resistant colors, rubber mulch is a superior solution for every playground and landscaping project.

RYMAR PLAY TILES

OPTIMUM FALL SAFETY FOR KIDS ENVIRONMENTS

Rymar Play Tiles *Safe and Healthy Fun for Children*

Rymar Play Tiles provide the optimum fall safety for kids play environments. Install a Rymar Play Tiles surface and eliminate the need to fill in holes, remove animal waste and potentially dangerous hidden objects. Created from recycled rubber, diverting tonnes of waste from landfills, Rymar Play Tiles are durable, resilient and porous to allow drainage.

- + Can protect from 4' to 12' Fall height requirements
- + Durable 2' x 2' recycled rubber tiles with 12" x 12" cross-hatch pattern
- + Installs equally well over a hard surface sub-base or a well compacted granular surface
- + Easy to install with interlocking pin system for alignment
- + Tile edge adhesive creates a monolithic safety surface that's not bonded to sub-base
- + Subsidiary structural tile legs (stanchions) allow for unrestricted water drainage away from site
- + Eliminate health and safety concerns from buried objects and animal wastes
- + Eliminate risks and maintenance associated with displaced loose fill materials (i.e., wood fiber)
- + Playground Safety Surfacing System complies with stringent ASTM requirements

2' x 2' Tiles Available in 1" or 1.75" and 2.5" Thickness

Available in Black / Green / Red

BLACK PLAY TILES

GREEN PLAY TILES

RED PLAY TILES

  **Play Tiles Rubber Transition Ramp**

Play Tiles Transition Ramps are designed to ensure our playgrounds are free of trip hazards and are wheel chair compliant.

- + Wheel Chair Friendly
- + Easy Installation
- + Highly Durable

Thickness 1" or 1.75" and 2.5" Available. 40" Long and 8" Width
Available in Black / Green / Red

 **Play Tiles Adhesive**

Play Tiles Adhesive is a high strength formula that bonds to rubber and is durable for outdoor and indoor applications.

- + Easy Application with Caulking Gun
- + Bonds to Most Surfaces
- + North American Weather Tested

 **Play Tiles Geotextile**

Play Tiles Geotextile is designed to stabilize Playfall Tiles on compacted stone granular base. The fabric is designed to prevent erosion and base movement.

- + Premium Grade
- + Water Permeable
- + Weather Tested

HIGH-QUALITY FLOORING

VERSATILE. RESILIENT. DURABLE.

Armour Rubber delivers high-quality flooring solutions to our customers. Made primarily from recycled rubber tires, Armour flooring thrives in tough, high-traffic environments. Available in both roll and interlocking tile, our SportFloor's unique beveled-edge construction means virtually no gapping, and a smooth, seamless surface. Proven over time for its durability and flexibility, we provide a long-lasting floor that will look great for years.

BENEFITS

- Durable
- Hygienic
- Easy to install and maintain
- Cost-effective and long-lasting
- Shock and sound absorbent
- Unique design makes for a seamless floor surface
- Excellent traction, even when wet
- Safe for indoor and outdoor use
- MAS Certified Green® (upon request)
- Mold and mildew resistant
- Multiple colours; custom colour and logos available
- Premium Recycled Rubber
- 5 year, normal wear warranty

You will find Armour Rubber's products in airports, gyms, hotels and all kinds of commercial and industrial buildings worldwide.

PROVEN OVER TIME FOR ITS DURABILITY AND FLEXIBILITY, THAT WILL LOOK GREAT FOR YEARS

- + Commercial Gyms
- + Free Weight Areas
- + CrossFit Gyms
- + Cardio Areas
- + TRX Areas
- + And More

MANUFACTURING

Manufactured from 100% recycled high-density revulcanized rubber, the Armour rubber mats have an exclusive non-slip surface that doesn't absorb fluids. Easy to install.

Colours *Standard or Custom Colours Give You Maximum Flexibility*

Armour Rubber SportFloor rolls and tiles come in many colour options. Choose from one of our five standard colour lines, or create your own colour blend with Colour Builder, our custom floor design tool. With low minimums and fast turnaround times, it's easy to create a unique look while keeping your project on time and on budget.

CrossFit / Stall Mats *CF12 & CF34*

Armour CrossFit / Stall Mats are an effective, comfortable, long-lasting and economical solution for those who want the best at an affordable price. Armour Rubber mats are made according to the same quality criteria as Interlock and are designed to adapt to most standard floors.

- + CF12 = 1/2" x 48" x 72"
- + CF34 = 3/4" x 48" x 72"
- + Interlocking and True Cut available on request
(minimum quantities apply)

USES

- + CrossFit / Gyms
- + Doggy Daycares & Pet Facilities
- + Horse Stalls
- + Hockey Arenas
- + Ski Station
- + Anti-Fatigue Mats
- + And More

MANUFACTURING

Manufactured from 100% recycled high-density revulcanized rubber, the Armour Rubber mats have an exclusive non-slip surface that doesn't absorb fluids. Easy to install. For stall mat applications they generate no dust, unlike straw, sawdust, sand or rubber granules.

Wiwax *Cleaning and Maintenance Emulsion*

Keep your floors clean and sealed with Wiwax emulsion for the maximum look and performance.

Rymar prides itself on the products that stock our shelves. We test all the products for durability and quality before it leaves our warehouses or dealer locations.

We've got the right products in stock to save you time outsourcing and our seasoned sales staff are here to help every step of the way.

**DEDICATION TO PERFORMANCE AND
INNOVATION IS OUR COMMITMENT TO YOU**

INFILL SAND
EVERYTHING YOU NEED AND MORE

 **Envirofill 12-20**

Lawns, Playgrounds, Pets, Commercial

We like to think of Envirofill as “The Champion of Infills”. Low maintenance, clean and reusable, there are many benefits to this acrylic-coated sand.

Available in 55.1 lb Bags and 2000 lb Super Sacs

 **Envirofill 30-50**

Putting Greens

Envirofill 30-50 for your putting greens settles into the putting green surface quickly and easily. Envirofill 30-50 is a smaller grain, making it a perfect fit for dense, texturized poly and nylon putting surfaces.

Available in 55.1 lb Bags and 2000 lb Super Sacs

A Different Kind of Infill

Envirofill is composed of naturally-occurring sand found only in the Hickory Formation of central Texas. It is easy to install and its highly-rounded quartz core resists compression so it doesn't compact over the life of your lawn, promoting better drainage.

It's Cleaner

Microban antimicrobial protection is infused into Envirofill during the manufacturing process to help prevent the growth of bacteria, mold and mildew that can cause stains, odors, and product deterioration.

Inhibits Pet Urine Odor

Microban technology reduces ammonia odor from urine by up to 99%. Microban has been scientifically proven to disrupt the bacteria process that converts pet urine into ammonia odor. So be assured, when your dog goes, Envirofill goes to work!

Zero Watering

No frequent top-off. These factors and more make Envirofill the infill of choice for homes, parks, and facilities where people are more focused on living and playing than on upkeep and maintenance.

 **Zeolite Infill**

Premium Choice Synthetic Turf Infill

Zeolite is the premium choice synthetic turf infill for playground and sports field applications. Zeolite is a negative charge infill which captures ammonia found in urine and because of its negatively charged properties, prevents ammonia from turning into a gas, therefore eliminating smell. Zeolite granules cool turf fibers longer by evapotranspiration, just like real sod. It is 100% natural & environmentally safe for your kids and pets and is 100% permeable which will not clog turf drainage holes like sand. Comes with a 8 Year warranty against deteriorating for landscape, agricultural and sports field applications. Listed as Organic by OMRI Organic Materials Research Institute as “Deodorizer Infill.”

Available in 55.1 lb Bags and 2000 lb Super Sacs

LANDSCAPE SAND

HIGH LEVEL OF FLEXIBILITY

Putting Green Sand

Pure white silica sand used to stabilize and increase ball speed for natural play.

- + Available In 50 lb Bags With a Variety of Grades Available
- + Uniformed Particle Size Distribution
- + Superior Consistency with Dust Elimination
- + White In Colour
- + Will Not Compact
- + Will Hold Chip Shots From 250 Yards

Landscape Sand

Tan in colour used to help stabilize and support landscape turf blades. Also Used in Rymar bent grass sand filled putting greens.

- + Available In 50 lb Bags With a Variety of Grades Available
- + High Level of Flexibility
- + Uniformed Particle Size Distribution
- + Superior Consistency with Dust Elimination
- + Tan Colour
- + Will Not Compact

Rubber Crumb

Loose Crumb Rubber made from 100% recycled rubber provides safe, resilient and non-abrasive surfaces. It's perfect for playgrounds, sport surfaces or any area that requires the protection, durability and flexibility of crumb rubber.

Rubber Crumb is ideal for running tracks, synthetic playing surfaces, playground surfaces, horse arena flooring, asphalt additive, asphalt crack sealants, paint non-slip additive, spec ground for OEM Manufacturing.

Available in 50 Lbs Bags or 2000 Lb Super Sacks

TURF ADHESIVE

ECO-FRIENDLY SINGLE PART POLYURETHANE

XGS Turf Adhesive

Distributed in North America by Rymar. This ECO-friendly, single part polyurethane adhesive is designed specifically for bonding various substrates to the back of synthetic turf.

SUB STRAIGHTS INCLUDE:

Road Base, Decomposed Granite, Concrete/Asphalt, Wood/Foam Padding.

Available in 1 Gallon and 32 oz

Green Fusion

Green Fusion is a professional grade one part adhesive used by top installers in North America. Easy to use and fast curing times make turf installation a simple process.

Available in 1 Gallon and 5 Gallon

Seam Tape

Our seam tape is designed to work with all adhesive including moisture active polyurethane based adhesive. One textured side and one plastic coated side to stop ground moisture from absorbing into the turf.

Size of Roll 12" x 328' Linear Feet.
Custom Lengths Available

PET URINE ELIMINATOR

NON-TOXIC AND BIO-DEGRADABLE

URI-CIDE *Pet Urine Eliminator*

URI-CIDE® is a remarkable odor eliminator. It is the only Microbial/ Enzyme based product that is designed for the complete removal of stains, pet urine smells and other odors of the most offensive kind.

URI-CIDE® is Non-Toxic, Bio-Degradable and completely safe around Kids, Pets, Plants and Fish. It is safe to use on any and all surfaces including artificial turf, carpet, furniture, fabrics, plastic, linoleum, wood and concrete.

This amazing product will eliminate stains and odors from pet stools, urine and vomit. It also works on wet dog smells, skunk sprays, cat litter boxes, food grease and more!

BASE CONSTRUCTION
ALL YOU NEED AND MORE

 **Soft Step Pad**

Soft Step Pad is a exterior and interior commercial grade underpad that is used under synthetic turf product for golf and landscape use. The 5 MM pad is perforated for drainage and airflow from the sub surface. The Soft Pad is designed to enhance the impact play for putting green turf and Landscape turf.

Available in 12' Wide Rolls (up to 200' in length)

 **UltraBase Panel**

The UltraBase structural superiority of the panel is designed to dramatically reduce the need for extensive site preparation both indoors and outdoors, creating a base structure capable of supporting enormous loads while providing greatly improved GMAX and HIC impact numbers resulting in SAFER and more predictable playing surfaces. Large water flow volumes both vertically and horizontally are achieved with UBS Champion creating a base system capable of rapidly directing rainwater away from the turf. Perfect planarity and the UBS patented non slip turf barbs all help to create a base unlike anything the market has ever seen.

PANEL DIMENSIONS:

30" x 30" x .75" / 762 mm x 762 mm x 19.05 mm square footage area once installed
28" x 28" x .75" / 711.2 mm x 711.2 mm x 19.05 mm = 5.44 ft.² / .505 Sq m

.75" THICK

1.25" THICK

CONSTRUCTION TOOLS
ALL YOU NEED AND MORE

 **Plate Tamper**

The Plate Tamper is a must on all projects big and small to ensure your base is fully compacted and tight. We offer a variety of models we recommend for all types of commercial and residential projects.

 **Shovel**

Shovels are a must on every job site.

 **Plastic Gloves**

Nitrile Gloves help protect your hands when working with adhesives on projects. Can be purchased in individual boxes or cases.

 **Power Broom**

The Bristle Brush Kombi Tool is an effective tool for brushing up the synthetic turf fibers and for grooming in the infill. Fast and easy setup for this must have tool. KM 56 or Higher Engine is required to power the brush head.

Other attachments available upon request

 **Backpack Blower**

The BR 500 professional Backpack Blower is a low-noise unit, thanks to its sound dampening material making it ideal for use in noise sensitive areas producing only 65 dB(A). Powered by the fuel-efficient STIHL 4-MIX engine and a simplified starting procedure for single-handed operation, and an ergonomic mount for operator comfort, this unit sets new standards in the industry for a powerful yet 'low-noise' backpack blower.

 **Chalkline**

Cast Aluminum Reel Chalk is 100 ft. It has a die cast aluminum body for durability and to protect its twisted cotton line of reel. The felt gasket helps to distribute chalk uniformly.

 **Utility Knife**

Fiberglass-Reinforced Ratchet-Lock Utility Knife. When you use the knife, you'll appreciate the wraparound grip and sharp, snap-off blade.

 **Snap-Off Blades**

For cutting jobs that require superior sharpness.

 **Landscape Rake**

This multi-functional Landscape Rake is designed for construction and repair with a robust rake head design; four different sizes. Long teeth tackle grading. Straight edge handles leveling.

66" (168 cm) straight handle

 **Stone Rake**

Lightweight and easy to use. Great for spreading stone, earth, clearing flower gardens, and loosening soil.

 **Sand Spreader**

Our standard drop spreader is perfect for distributing infill over large areas for a consistent application. The spreader features durable plastic construction and a heavy-duty frame for optimum stability and long-lasting use. 22 in. spread pattern helps ensure maximum coverage with accuracy.

Used for Landscape / Golf / Pet Infills such as Sand and ZeoFill

 **Hand Tamper**

This Hand Tamper is ideal for tamping , gravel, stone and dirt. This all steel constructed tamper is durable to withstand heavy duty construction for industrial, residential and commercial applications. It also has a 10 in. handle grip to provide hand comfort and control when tamping. This is a great tool to properly compact all areas where space and compaction is a challenge.

 **Water Roller**

Our plastic beveled Water Roller provides the final touches on all base work. The rolling holds 270 Pounds of water and is easy to fill and for quick setup and easy storage when empty. This tool is a must when finalizing your base for a smooth and consistent finish.

 **Turf Dolly**

This Portable Turf Dolly allows for easy movement of long and heavy rolls of turf. V-Groove platform holds turf rolls securely in place. Welded steel construction with powder coat blue finish. Oversized wheels allow unit to be maneuvered easily.

+ Platform length: 61"

Rymar provides multiple products to support your installation and accessory needs to complete your project from start to finish

**YOU'RE PART
OF THE TEAM**

MAKE YOUR SHOWROOM STAND OUT

Rymar Gear has you covered. We stand by that first impressions are the most important key to sales and product design. When walking into a store or a trade show booth it is very important to have your display upfront and inviting to let the customer visualize the product in their home or design.

RYMAR HAS WHAT YOU NEED TO KEEP THE CLIENT ENTICED AND INFORMED FROM:

- Sales Product Racks
- Catalogues
- Banners
- Outdoor Display Areas
- Rymar Gear and More!

Outfit your staff with Rymar Gear such as hats and shirts to become part of our team. Rymar's Marketing staff can customize your brand into our brand to make a polished seamless unity.

We look forward to adding our product to your line up and creating inviting informative information to your team and clients. Please contact your Rymar associate today to inquire about our Rymar Gear.
